

## TABLE OF CASES

### Notes

1. For EPO decisions, see separate list below.
2. "SHB" indicates a Secretariat Hearing Box number (old Office numbering system).
3. In 2001, Sweet & Maxwell (publishers of the RPCs on behalf of the Office) changed the way in which cases are cited. For citations up until the end of 2000, the final number of the citation refers to the page number in that year's volume. From the beginning of 2001, the same final number refers to case number in that year's volume. This numbering system applies to other Sweet & Maxwell reports cited from the beginning of 2001, including FSRs and EPORs.
